Whoever first gave utterance to "Save the pennies, and they dollars will take care of themselves," coined an awful whopper. They won't do it.

The editor of this paper had about concluded to engage in the banking business, but after serious consideration he has concluded that it's too dangerous.

The official vote on referendum measure No. 12, the county unit bill, at the general election in November was 291,157 for and 381,320 against. The vote in Lafayette county was 3,986 for and 3,922 against. The proposition lost by 90,163 votes.

No matter how small the family income, parents should insist that their children join one of the Christmas Savings Clubs now forming for 1923. The habit of saving is so essential to success that the child should be trained in the habit along with the A B C's.

Dollars and Cents.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months. Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation. PUBLIC SCHOOL COLUMN

Christmas Programs.

The schools will dismiss for the Christmas holidays Friday afternoon, December 22, reopening Tuesday, January 2.

Practically every school will have Christmas entertainments of some kind on the Friday afternoon before the holidays. Most upper grade programs will include a Christmas tree and dramatization of popular Christmas stories. Primary children of each school will have a tree and a program of songs and recitations.

Friday evening, December 22 the Junior Class of the High School will present the three act comedy "Hurry! Hurry! Hurry!" This is a play with a Christmas setting and a plot that is built around what is frequently asserted to be a characteristic of the American business man. The play is being directed by Mrs. Teresa McNeel. The parts will be acted by the following Juniors: Neil Ashurst, Nadine King, Gordon Reed, Robert Bills, Roland Muench, Katherine Waddell, Gladys Long, Irene Hedge, Forest Temple. Part of the proceeds will be used to meet the athletic deficit incurred the past season.

Christmas Seal Sale.

The annual sale of Christmas seals was begun by the high school and grade school pupils Monday, December 11. Reports for the first two days indicate that the campaign in Lexington will meet with the usual generous response.

Half of the proceeds of the sale in Lafayette county may be expended by the schools of the county for health projects that are approved by the Missouri Tuberculosis Association. The supplies for the free dental clinic held last spring in Lexington for children who were seriously needing dental attention but whose parents could not afford the expense were charged against the Christmas seal fund. Other services that were paid for out of this fund were: in a few cases the hospital charge for adnoid operations for children whose parents could not have otherwise had the operation performed; the Modern Health Crusade supplies now being used in the grade schools in the teaching of health habits.

A purchase of the seals also means that one is helping to make possible the educational campaign that the Missouri Tuberculosis Association is directing against tuberculosis and diseases in general. Health statistics for the county and state indicate that this campaign has been achieving results. The death-rate from tuberculosis in Lafayette county in 1921 was only slightly more than one-third what it was ten years ago. For the state as a whole there were but four-sevenths as many deaths from tuberculosis in 1921 as in 1911.

For The Children.

Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers. Adv.

A WOMAN'S BACK.

The Advice of This Lexington Woman Is of Certain Value.

Many a woman's back has many aches and pains.

Ofttimes 'tis the kidney's fault.

That's why Doan's Kidney Pills are so effective.

Many Lexington women know this. Ask your neighbor.

Read what one has to say about it.

Mrs. Charles Reed, So. & 12th Sts., says: "Last fall my kidneys bothered me a great deal. I could hardly do my work because of severe backaches and at times such awful pains would dart up and down my back that I just couldn't go on. I had severe pains in my back and dizzy spells bothered me a great deal. Black specks came before my eyes, blurring my sight. My kidneys acted very irregularly, too and I felt weak and worn out most of the time. I became nervous and depressed. A friend advised me to use Doan's Kidney Pills and a few boxes entirely cured me of all the trouble. Doan's surely are a good remedy."

Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Theford's BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.

"In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 140—eat anything I want to, and by taking Black-Draught I do not suffer."

Have you tried Theford's Black-Draught? If not, do so today.
